Coleman Rodeo To Be Held July 7th

Following the regular Board of Trade meeting last Thursday evening, the question was raised on whether to hold a rodeo this year or drop the project inasmuch as it had been a losing project last year. Mr. Charles Freeman moved that the Rodeo be held again this year as this was the only day which Coleman celebrated. Although it had lost money the last few years this was possibly due to insufficient publicity and not a strenuous program to obtain the support of the people of Coleman. He stated that it appeared, according to gate receipts, that only approximately five to six hundred Colemanites had attended the actual rodeo. This motion was seconded by Mr. R. Crippen who stated that it was the sign of defeats if after ten years we found it necessary to drop this project just when it appeared this show was gaining top popularity.

Mr. C. Freeman was unanimously elected rodeo chairman with Mr. Roy Upton as secretary assisted by Ed Howard who was also appointed secretary-treasurer, vice chairman was put in the capable hands of E. Fabro, parade marshal will be police chief E. Carson with alternative marshal Mr. J. Montalbetti. Advertising manager Mr. J. Chalmers.

Forest Ranger J. Morton Honored On Retirement

About 125 members and guests of the Alberta Civil Service Association, Branch No. 9, gathered in the Italian Hall on Friday evening last to honor Mr. J. Morton on his retirement from the Forestry Branch after 41 years of faithful service.

Supper was served at 8 p.m. with Mr. Hogan, Superintendent of the C. N. P. Forestry giving thanks, after which Mr. J. Hanrahan, President of the Association, acting as Master of Ceremonies for the evening introduced several of the guests present.

Mayor Abousafy was then called on for the address of welcome. Mr. Kovach, M.L.A. then spoke briefly on the faithful work of the honored guest in the Forestry Dept. and touched on his early boyhood acquaintance with Mr. Morton when he used to bring home various trophies from the forest reserve.

Mr. H. Boulton, retired forester ranger, spoke on the forestry service being in need of men of such caliber as Mr. Morton, stating he knew every trail, ravine and stream in the Rockies and his vacancy would be hard to fill.

Mr. McNeil, a life long friend gave a brief address and Mr. J. Kerr spoke on his close association with Mr. Morton. All wished him many more years of happiness in his retirement.

Mr. Hanrahan, with a few well chosen words then presented the honored guest with a wallet with his name inscribed on same on behalf of the Public Works Dept., after which Forest Ranger Del. Hereford on behalf of the Forestry Dept. presented Mr. Morton with Stetson Hat. The honored guest ably thanked the Association for their gifts and well wishes.

The floor was then cleared and dancing occupied the balance of the evening.

There are 80 fundamental cancer research projects going on in Canadian universities and hospitals. They are supported almost entirely by voluntary contributions collected during the annual Cancer Campaign.

The 1956 objective of the Canadian Cancer Campaign is \$2,100,000. More money will be spent on research than ever before.

Large Attendance Marks Fashion Show At Coleman

Well over two hundred persons attended the Fashion Show held in the Elk's Hall in Coleman Monday night, sponsored by the Coleman branch of the Old Age Pensioners' Association.

The models included Mrs. C. Coover, Mrs. Margaret Johnson, Mrs. Rita D'Amico, Mrs. Mary Wellens, Miss Joann Montalbetti, Miss Joan Hirst, Miss Edie Bartoletti, Miss Joy Raymond, Miss Faye Tibergien and Miss Virginia Tibergien. Two high school lads, Len Barado and Richard Chernick, modelled men's wear. While the models paraded Mrs. Isobel Spivak played the piano while Mrs. Poly Purvis acted as commentator.

One of the highlights of the show was the display of the gown worn by Miss Irene Gibos of Blairmore, who represented the Crow's Nest Pass at the Banff Winter Carnival while another highlight which concluded the show was the display of a wedding gown fashioned by Miss Violet Tibergien.

During the intermission the guests were entertained by Miss Cynthia Bond on the piano. All tables were gaily decorated with spring flowers, and each table was centered with plates of homemade candies. Servitors for the luncheon were the girls of the Coleman CGT group who wore their costumes.

Working behind the sets were Anne Vasek, Sophie Lapecka, Valia Phillips and Vi Tibergien who are to be commended for keeping the show going without a hitch.

To conclude the show president of the Old Age Pensioners Association Coleman branch, Mrs. Nora Goulding called upon Mrs. Poly Purvis and presented her with a lovely bouquet of flowers and then called upon pianist Mrs. Isobel Spivak and presented her with a gift of china. Mrs. Goulding then announced that the flowers used at the fashion show would be turned over to the Crow's Nest Pass Municipal Hospital.

Proceeds from the show are to be used to sponsor a summer picnic for the Coleman branch of the Old Age Pensioners Association this summer.

All the clothes which the models wore were by courtesy of Mr. Charles Freeman of Freeman's Department Store. The lovely suits, dresses and sports clothes shown were from the regular stock in the store and were not brought by the store for special showing.

The beautiful jewelry consisting of pins, brooches, necklaces and earrings worn by the models were loaned by Mr. J. Chalmers of Chalmers Jewellery for the show. Also the bags carried by the models.

Mrs. A. Buckina of the Mininzie Greenhouses donated the beautiful ferns and flowers for the occasion.

Curling Club Hold Annual Banquet

The annual banquet of the ladies' and men's curling club was held in the Elk's hall on Saturday evening when awards in the various competitions were presented.

After a delicious supper served by the Pythian Sisters the various awards were given to the winning rinks.

Winners in the various events were—

Merchants Cup — was presented by W. Fraser to the Chick Roughhead rink with R. Pattinson, B. Field and J. Olivia comprising the rink.

Freeman's Trophy — presented by C. Freeman to the J. Maynard rink comprising W. King, R. Yeager and J. Paulus.

Mr. C. Rogers presented the McGillivray Cup to the J. Waurican rink with A. Brown and E. Gudmunsen completing this rink.

In the women's Curling Club the winners were: —

Park Trophy was presented by J. Park to the D. Pow rink.

The consolation award went to the J. Field rink.

Guests attending the banquet were S. Banman and A. Vejprava of the Blairmore curling club.

Dancing was enjoyed by all to round out a very pleasant evening.

Retired Coleman Miner Succumbs

Lorenzo Richards of Coleman, died in the Crow's Nest Pass Municipal hospital April 18. Mr. Richards, 66, was born in Tonypandy, Wales, and came to Canada 35 years ago. On his arrival here he became employed with the Coleman mine and remained in this occupation until 1942 when he retired due to ill health. He then worked as caretaker for the Grand Union Hotel in Coleman for a period of time. He was a former member of the Coleman local of the United Mine Workers of America, and of the Coleman Knights of Pythias.

Mr. Richards was a quiet and friendly man and was highly respected by all who came in contact with him.

He is survived by his wife Mary of Coleman, one son Lorenzo, of Ottawa and a daughter Eileen, Mrs. Ross Foster of Calgary, and four grandchildren.

Funeral services were conducted from the United Church in Coleman at 2 p.m. on Sunday, April 22 and interment followed in the Coleman Union Cemetery. The Rev. R. MacAuley of Coleman officiated.

Pallbearers for the funeral were Mr. A. Phillips, Coleman, Mr. H. Chamberlain and Mr. I. Daniels of Blairmore, Mr. T. Lloyd, Mr. E. Allen and Mr. Wyndham Jones.

Also attending were Mr. L. Richards and daughter Ada of Ottawa, Mr. and Mrs. Howard Davis and family of Calgary, Mr. and Mrs. Ross Foster and son Kent of Calgary, Mrs. J. Yorgas of Granum, Mr. and Mrs. E. McRae of Fort McLeod, Mr. and Mrs. S. Richards of Blairmore, Mr. and Mrs. R. Davis and Mrs. Shannon also of Calgary, Mr. and Mrs. Burgess and Mr. Vincent of Creston.

Card of Thanks

We wish to thank Dr. Liesemer, the Matron and staff of the C.N.P. hospital, the pallbearers, Mrs. E. Hill, Mrs. S. Penney, those who sent flowers and cards or loaned cars,

and all our good friends and neighbors who assisted or helped in any way during our recent sad bereavement.

The Richard Family.

Local Boy Tours Panama Canal

Following are excerpts from a letter received by Mr. and Mrs. A. Phillips from their son Ed who is with the Royal Canadian Navy. Ed has just returned from a cruise through the Panama Canal. It is nice to hear from the boys who have left Coleman. We hope to have more such letters to let us know the interesting parts of the world these boys are visiting.

Here is the letter in part:

"We arrived at Anchorage near St. Thomas at 10 p.m. on the 24th and are having maneuvers with the East Coast ships until Easter. The Maggie, Quebec, Micmac, Haida, Iroquois and Algonquin are here now and the Huron on Crusader are due today so I will probably see some old friends. Easter weekend we go to Charlotte Amelie V.I. for four days, then to Cartagena Colombia in South America for four days, then to Panama for four days, and then to San Diego, California.

It was a wonderful trip through the Panama Canal. There are 3 locks on each side with the water coming from a lake in the middle. The gravity flow fills the locks. Each lock can be filled or emptied in 15 minutes. The rate for passage is \$1.00 per ton and the average traffic is 50 to 60 ships a day. The canal is cut through the Continental Divide and so passes through the Rocky Mountains. Ray Vincent is here on the Jonquiere and Ian Thompson is on the Crescent.

Over 400 children under the age of 15 died of cancer in Canada last year.

Canadian statistics show that 19,694 Canadians died of cancer in 1954. This is almost one in every six deaths.

Kovach Paints Bright Picture For 'Pass Area

When Blairmore Board of Trade held its regular monthly meetings at the Turtle Mountain Playgrounds at Frank Thursday evening, William Kovach, M.L.A., gave an address on the industrial possibilities of the Crows Nest Pass and what could be done to assist its development.

First, Mr. Kovach outlined the work being done by the local special unemployment committee, formed over a year ago by local men who foresaw the need for taking action when the big lay-off came to the Pass mines. Mr. Kovach pointed out that through the efforts of this committee heavy unemployment was relieved to an almost 100 per cent employment picture. This was accomplished by co-operation with the government which favored local help during the construction of the new No. 3 highway; rip-rapping of rivers in the area; a forestry program of clearing debris from forestry roads and repairing culverts, etc. and also some work was done in the L.I.D. numbers 10 and 21.

While describing the efforts of the special unemployment committee, Mr. Kovach said more work would be done north of Lundbreck this year on the road being built in that area as an alternate route to Calgary. The road would shorten the distance between this area and Calgary and would come out near High River. He had requested a special \$50,000 grant from the government for this work to be done this year. He also stated hard surfacing of roads would be done in the improvement districts in west Coleman, Hillcrest and Bellevue. The possibility of a nursery for starting seedlings trees for this area was also being considered by the government.

Mr. Kovach spoke on the coal industry stating that when the layoff had come in the Pass that a fund of \$100,000 had been set up by the government, called the miners' rehabilitation fund. Of this amount there was still \$35,000 left which was being used to subsidize transportation by bus to B.C. mines for miners in the Crows Nest Pass. Mr. Kovach also stressed the fact that although there was a drop in production of some five million tons of coal in Canada and the imports from the United States had increased by almost the same figure. He stated that although the oil industry had no doubt cut into the coal markets there were more factors that were detrimental to the industry than this. Despite the belief that coal was on the way out, Mr. Kovach was of the firm opinion that coal production would be on the increase if not for fuel for cooking purposes and for the steel industries.

Mr. Kovach pointed out some of the factors that were hindering industry from settling in the Pass: Lack of proper schools, taxation problems, no sewer facilities, which he felt would be overcome if this area would consider a county system. While discussing the counties that had been set up in other areas, Mr. Kovach pointed out the benefits that these communities will be furnished by the Board of Trade for service at the Blood Donor Clinic.

A donation of \$50 was authorized to be made to the Crows Nest Pass Band.

Be your own "Private Eye" Watch for the seven danger signals that may mean cancer.

United Church to Observe 52nd Anniversary

This Sunday, April 29, the St. Pauls United Church will observe its fifty-second year as an organized congregation.

The guest preacher for both morning and evening services will be Rev. Robert McGowan, D.D., a former minister of St. Paul's from 1946 to 1949.

The annual Anniversary Supper will be held in the clubroom on Monday evening, April 30, from 5 to 7 p.m. The clubroom has been newly repainted by the Men's Club.

GARDEN NOTES

Bigger lots give gardener greater scope for displays

Most of the new house-building has been on much bigger lots, giving the gardener an opportunity to have real displays of some of the gorgeous, showy flowers that the plant breeders have brought to perfection in recent years. For such situations, very large beds, solidly planted with petunias, zinnias, spider plants, cosmos or dozens of other annuals, are most suitable. Virtually all of these things are easily grown either from seed directly sown outdoors or transplanted from beds specially prepared and sown just as soon as the weather has turned warm and there is little danger of any more frost.

Summer cottages, too, can have these large massed beds of flowers simply by planting a few packets of seeds in shallow flats and later taking the same to the cottage

Canadian statistics report
(A Weekly Review)

National Accounts: Canada's gross national product climbed to the record figure of \$26.6 billion last year, up from \$24.1 billion for 1954; in the last 1955 quarter was running at a rate of \$27.4 billion. Over half of the year's \$2.5 billion rise was due to increases in consumer spending (up \$1.0 billion) and in residential construction (up \$0.3 billion). Merchandise exports, government expenditures, plant and equipment outlays, larger grain crop, inventory accumulation were other expansionary factors. Net national income in 1955 was about 11 percent above 1954.

International Trade: Canada's international transactions in goods and services resulted in an increased current account deficit of \$65 million last year, up \$234 million from \$431 million in 1954. The deficit on commodity trade made up \$198 million of the increase, but three-fourths of the total deficit was on account of travel, freight and shipping, interest and dividends, and other transactions . . . Security trading between Canada and other countries set a new record last year with a turnover of \$2,300 million . . . Foreign commodity trade moved upward in January, exports rising 18 percent and imports 32 percent over a year earlier.

Prices: Consumer price indexes declined in nine of 10 regional cities during January, mainly under the influence of lower food prices . . . Index of farm prices of agricultural products was lower in January than December.

Foods: March 1 returns show larger stocks of creamy butter, evaporated whole milk and skim-milk powder, ice cream and poultry meat than a year earlier; smaller of cheddar cheese and storage eggs . . . February output of creamy butter, cheddar cheese, ice cream, concentrated milk and margarine products was larger than last year . . . Sea-fish catch in January was up in quantity and value.

**Atomic peanuts bigger, better**

Atomic energy has helped to produce bigger and better peanuts.

In 1949 the North Carolina State College planted 60,000 seeds which had been exposed to atomic radiation, and although the plants differed greatly from the normal, seeds were taken from them and planted for the following year's crop. Careful labeling and note-taking traced the development of these irradiated plants from generation to generation.

Some strains proved completely resistant to the leaf-spot disease which was destroying the foliage on unirradiated plants adjoining them. Other strains had pods of a size and shape well suited to mechanical harvesting, while another variety produced a third more pods than the best strain of peanuts previously known.

As a result a species may now be developed which is free from disease and bears 30 percent more peanuts than before. These remarkable achievements are being duplicated in research on other food crops which are likely to mean more and better food.

New program for square dancers

A new Saskatchewan produced radio program "Square Dance Note Book" will be aired over most Saskatchewan radio stations, commencing 21 and 22 of March. Square Dance Note Book features the latest recordings — as they are released — of six major recording companies — Hoadway, MacGregor, Old Timer, Sets-In-Order, Western Jubilee, Windsor — interspersed with up-to-the-minute information and notes from the Square Dancing world, such as where and when Saskatchewan Square Dance Clubs meet, location and date of Square Dance festivals in the province, itinerary of visiting callers, location and date of Square Dance Camps in Canada and the United States.

Noren Wilson, long time Square Dance enthusiast who has helped in the formation of numerous square dance clubs, and has assisted in instructing various groups will M.C. the program. Noren has recently returned from Sets-In-Order Institute at Asilomar, California, where she gained valuable insight into the latest square dancing trends which she will pass on to her listening audience.

The tremendous growth and interest in Square Dancing in Canada and the United States, with a corresponding popularity in Saskatchewan, plus the cultural aspect in this form of recreation, in which young and old alike participate, has prompted Saskatchewan Power Corporation to sponsor this new, interesting, informative, and entertaining half-hour program.

To further spread the harvest, experienced gardeners will offer early, medium and late varieties of the same vegetable, so that there is always something just reaching the peak of tender quality. One of the greatest mistakes any home gardener can make is to sow the whole vegetable plot on the first fine afternoon. If he does he will have more than he can eat for a few weeks then a regular famine.

Short cuts

The experienced gardener uses all sorts of tricks for getting ahead of his neighbors. He doesn't, of course, risk all his seed or plants this way, but just a few for extra early results. For example in the vegetable garden he may make a few small hills, a foot or so in diameter of very rich soil. In these he will plant a few melon or cucumber seeds, a few early type tomatoes and other things. The rich, open soil will attract lots of sun and to increase the heat and protect from late frosts one may cover with panes of glass, or special waxed paper or plastic covers which act as miniature greenhouses. To further speed along, one waters well and adds a bit of quick acting fertilizer.

Another short cut is possible by using plants that have been well started in a greenhouse or hot bed or even in flats in some sunny window. This is a regular practice, of course, with many things like petunias, asters, tomatoes and cabbage. But one can also extend it to almost anything in the vegetable line for extra early production. Some people plant a few melon seeds in an egg shell filled with fine soil or a berry box, then when the weather turns warm plant the whole thing outside.

SMILE OF THE WEEK

The sergeant glared at an undivided, sharp-eyed rookie and demanded, "You there, what's the first thing you do when you clean a rifle?"

"Look at the serial number," was the immediate reply.

"The serial number?" roared the sergeant. "Why?"

"To make certain," explained the rookie, "that I'm cleaning my own rifle."

He explained that museum technicians no longer attempt to preserve and mount the actual skin, since it usually suffers some distortion due to drying and

Trellises and flower boxes; sign for lawn

Trellises may be used in various ways to add charm to the house exterior. The above sketch is an example. Across the end of a porch or across a walkway, or at the corner of a garage, a door or window are other uses. The pattern shows views of four styles of trellises and three designs for flower boxes. As tracing patterns are required only for the parts space has been found on the pattern for directions to make the door-side seats and an interesting garden gate that is easy to make.

This pattern is rich in detail for the hobbyist builder. Price of pattern 314 is 35¢.

Experiments indicate only animal fat among fatty foods injurious to heart

Scientists studying the role of diet in heart disease at the University of Cape Town, South Africa, medical school believe that vegetable oil is beneficial and fish oil is even better, according to a recent story by Astley Hawkins of Reuters News Agency.

Evidence of a link between fatty foods and heart disease already has been found by research workers in various parts of the world, but the experiments carried out here indicate that only animal fat is harmful.

THE LONELY RACE — Alone save for a few newsmen and police, Wes Sante is shown as he warms up for his next race. Since Samo Gavio, while his suspension by the AAU ran the gauntlet of the courts. Even if America's greatest miler is declared to a Simon-pure amateur, Amateur Athletic Union officials stand by him for alleged negligible costs—a sum of expense money may stick with the International Olympic Committee. Such action would bar him from participation in the Olympic Summer Games at Melbourne, Australia.

By Lloyd Percival

Don't waste the off-season

Most hockey and basketball players are getting ready to pack up their gear for another season. How many of them realize just how much they can improve their skills by taking part in the right kinds of activities during the summer and fall?

Proper off-season sports can help develop the same muscles and types of co-ordination and movement that you use in hockey and basketball. They'll also be a conditioner that can help you go through next season with greater power and stamina. You will be able to get into condition quicker and you'll tire less easily during the season.

The best off-season activity for the budding basketball or hockey star is track and field—especially the short sprints and the broad jump. These events develop that all-important leg drive. Such events as the half mile and mile help improve general condition and stamina, and train you to force yourself to greater effort—a habit every athlete should have.

Other good games to play are tennis, soccer and lacrosse. These all increase your co-ordination and balance.

Goalkeepers in hockey should play things like table tennis, badminton or handball which demand quick action of hand and foot and will train your eyes and improve your powers of close concentration.

The mark of champions

Knute Rockne, the famous Notre Dame coach, used to say that the most important words in the English language were: "Start! Strike! Finish!" Rockne knew what made a champion athlete, and this was his way of getting across the point that champions have to have perseverance.

Developing perseverance is a tough job. But it is something you can accomplish if you work at it day by day. However, you can't expect to have perseverance in just your athletic activities—you must have it in your general life too—in everything you do.

Bob Mathias, who won the Olympic decathlon title in 1948 at the age of 17 and set a new world record in the 1952 Olympics, used to have a motto on the wall of his bedroom: "Quitters never win, and winners never quit." This motto helped get him through sports' toughest tests in the face of tre-

mendous obstacles. Make it your motto too.

Sports Canada has announced a \$700,000 service for the development of amateur sports and physical fitness levels in Canada. This newspaper is pleased to participate in this plan by presenting "The Sports Clinic" to its readers in the best interests of this community. Further information on how you can benefit from this service may be obtained by writing to Sports College, Box 99, Toronto 1, Ontario.

WEEKLY BIBLE COMMENT

HOME IS TRUE SCHOOL OF CHRISTIANITY

The home is even more important than the church or school in the exemplification and teaching of Christianity.

Nearly all recognize this fact, yet the home situation in the land constitutes one of the greatest perils and problems of our time.

It is appalling to think of the number of children who grow to adulthood with no real home life at all. It is tragic to contemplate broken homes caused by divorce or separation. It is a cause for heartache to consider the barrenness of an environment in which love is missing.

Perhaps most appalling of all is the realization that there are numerous homes in which parents are neither divorced nor separated, but where they might as well be so far as healthy and happy home life is concerned. What a heritage for a child who grows up in the midst of such home antagonism and strife!

In contrast, let us consider the blessedness of the truly Christian home. Daily prayer, Godly living, example and a spirit of kindness and fairness toward all make up the soil in which true happiness thrives.

Truly, our salvation and the salvation of all that is good in life must spring from a basic, Christian home. Let us pray that all society may some day enjoy the manifold blessings of such a way of life.

VALHALLA—Retirement is literally "the berries" for this venerable cable car, veteran of service on San Francisco's world famous cable-car system. Together with several of its sisters, the car will rattle and clang along a route serving Knott's Berry Farm, where mementoes of the traditional west compete with berry products for attention at Buena Park, Calif.

New course aids foreign soldiers

'dig' Americanisms

The latest addition to the Army Signal Corps centre at Fort Monmouth, N.J., is colloquial communications. It seems soldiers of other nations often have trouble "digging" American talk even when they know English.

To assist foreigners who stumble over such Americanisms as "in hot water," "snowed under" and some of the more esoteric jargon such as "man, it's so cool, I'm sweating", the Army set up what it calls the extra-curricular English training program.

Emphasis is placed chiefly on the typical. Grammar is of secondary importance. At least 30 minutes of each session are devoted to slang expressions which students bring in for clarification.

Recently a Brazilian major asked for a definition of "hubba-hubba". While the experts were pondering a satisfactory translation, a Japanese major, with a few unmistakable gestures of the hand, translated the term into international lingo.

RAW VEGETABLE SNACK

Children usually like to sample a scrap of any vegetable that is being prepared for the table. These raw vegetables are good for anyone, since they contain vitamins and minerals that may be lessened by the cooking process if they are boiled too long or in too much water. Turnips, cabbage, carrot or other raw vegetables are tasty and nourishing.

Alberta butter wins overseas

Alberta butter won four platings in the British overseas classes at the Scottish Dairy Show held in Glasgow, Scotland, February 14-17. It was announced recently by Hon. L. C. Halmast, minister of agriculture.

The Northern Alberta Dairy Pool at Barrehead won first prize in the unsalted butter class, and the Woodland Dairy at Calmar won fifth place in the same class.

NADP's Edmonton branch won third prize from among 19 entries in the salted butter class, and the Wetaskiwin NADP took fifth prize.

ANSWERS TO QUICK QUIZ

1. Name the only fresh-water fish which goes to sea to spawn.
2. What is the origin of the name of the city of Moose Jaw, Saskatchewan?
3. How many immigrants were admitted to Canada in 1955?
4. Excluding defense costs, which department of the federal government is the biggest spender?
5. At what points does the Alberta-Ontario crude oil pipe line cross the Canada, U.S. border?

6. The pipe line enters the U.S. at Gretna, Man., southwest of Winnipeg, travels south of Lake Superior and re-enters Canada at Sarnia, Ont. 3. \$110,000, a drop of 43 percent from the post-war record year, 1951. 1. The ee; eels from eastern Canada spawn near the West Indies. 4. Finance department a year, mostly for interest on public debt. 2. It comes from an Indian word that means "The place where the white man mended his cart with the jaw of the moose."

THE COLEMAN JOURNAL**26 Pass Residents Reach or Exceed Ten Donations**

Twenty-six residents of the Pass have donated their blood at least ten times or more. High on the list are Dr. R. B. Burgman who has donated 28 times and Mr. Michael Wojtola, 21 donations to his credit. This list was taken from the September 6th, 1955 clinic. Other donors were:

- Mrs. Frank Booth, Blairmore, 10;
- Mr. William Caswell, Hillcrest, 10; Miss H. P. Clemis, Blairmore, 15; Mr. Harold Coop, Sentinel, 11;
- Mrs. Harold Coop, Sentinel 12; Mr. L. A. Del Rio, Coleman, 17; Mr. Frank Edl, Franklin, 10; Mr. Bert Fowle, Blairmore, 15; Mrs. F. Germaine, Blairmore, 12; Mr. Fergus Grant, Blairmore, 14; Mrs. Fred Guarerd, Coleman, 14; Mr. William Holyk, Coleman, 11; Mrs. Jasper Jones, Coleman, 11; Mrs. W. Kosma, Coleman, 19; Mr. Rudolph Kwasmie, Coleman, 19; Mr. Ludwig Lloyd, Blairmore, 19; Mr. Ludwig Maretak, Franklin, 10; Mr. Alfred Marsh, 12; Mr. James Maynard, Coleman, 10; Mr. Eric Price, Bellevue, 13; Mr. L. S. M. Richard, Bellevue, 10; Mrs. V. Ruzicka, Franklin, 11; Mr. Don Thornton, Blairmore, 10.

These leaders believe that public support for the cancer control movement is in proportion to its understanding of the menace of cancer and how the Cancer Society works.

As they see it:

Personal knowledge of cancer safeguards health, protects life. The extent of this knowledge also is a measure of support for the Cancer Society's program of saving lives through education.

An understanding of cancer research — its scope and progress — or regular health examination — inspires confidence that cancer can be conquered once and for all. This also means growing support for the Cancer Society's program of research by several hundred topflight scientists in institutions throughout Canada.

A public that knows the Cancer Society's program of service and comfort to cancer patients will also want to support it — and participate in it.

Experience has taught the Canadian Cancer Society that fund-raising and education go hand in hand in effective cancer control activity. The slogan, "Fight Cancer with a Checkup and a Cheque" is a good example.

C.N.P. Mixed Chorus Receives Top Award

Several music students in the Crows' Nest Pass attended the 19th District Music Festival this week at Lethbridge. Amongst the winners in the various classes were:

Class 136 — Bach piano accordion (14 years and under) — 1. Terry Barnett, Bellevue, 8 marks; 2. Nicki Misura, Coleman, 12; Dennis Capron, Bellevue tied with 79.

Class 137 — Bach piano accordion (16 years and under) — 1. Ralph Vigna, Blairmore, 85.

Class 131 — Accordion (16 years and under) — 1. Sandra Shalagon Coalridge, 35; 2. Eugene Luckey, Coleman, 80.

Class 132 — Accordion (18 years and under) — 1. Ralph Vigna, Blairmore, 86.

Class 80 — Piano (10 years and under) — 1. Barbara Blake, Blairmore, 85.

Class 86 — Piano (17 years and under) — 1. Darryl Ruyackers, Bellevue, 80; 2. Gail Vincent, Coleman, 79.

Class 96 — Piano Modern class (10 years and under) — 1. Linda Berant, Lethbridge, Peter Castigan, Blairmore, tied with 84; 2. James Montebetti, Coleman, 82.

Class 104 — violin (9 years and under) — 1. Allan Walton, Hillcrest, 81.

Class 106 — violin (12 years and under) — 1. Bryce Hill, Coleman, 84; 2. David Castigan, Blairmore, 83.

Class 81 — piano (11 years and under) — 1. Linda Davies, Lethbridge, 84; 2. Dick Burgman, Blairmore, 83.

Class 82 — piano (12 years and under) — James Dibble, Coleman, 86.

Although more research work throughout the world is being done on cancer than on any other medical problem, scientists still have not discovered the cause of cancer.

**Dual Slogan
Keynotes Cancer Crusade**

The 1956 Cancer Crusade for \$2,100,000.00 is geared to the slogan "Fight Cancer with a Checkup and a Cheque."

The Canadian Cancer Society's annual April fund-raising and educational campaign, carried on by more than half a million volunteers, is aimed at bringing the full story of the new "fight cancer" message into every Canadian home.

Cancer Society officials say the "checkup and a cheque" headline dramatizes the two most powerful anti-cancer actions the public can undertake today.

The Society says the "checkup" is the best cancer insurance available. It gives a doctor an opportunity to detect cancer in its earliest stage — when it is still a local disease and most often curable.

The "cheque" symbolizes a contribution — whether cash or coin or actual cheque — made in a spirit of thoughtful, informed giving. Cancer Crusade leaders point out that the Society de-

pends entirely on the public to support its three-point program of research, education and welfare to cancer patients.

These leaders believe that public support for the cancer control movement is in proportion to its understanding of the menace of cancer and how the Cancer Society works.

As they see it:

Personal knowledge of cancer safeguards health, protects life. The extent of this knowledge also is a measure of support for the Cancer Society's program of saving lives through education.

An understanding of cancer research — its scope and progress — or regular health examination — inspires confidence that cancer can be conquered once and for all. This also means growing support for the Cancer Society's program of research by several hundred topflight scientists in institutions throughout Canada.

A public that knows the Cancer Society's program of service and comfort to cancer patients will also want to support it — and participate in it.

As they see it:

Personal knowledge of cancer safeguards health, protects life. The extent of this knowledge also is a measure of support for the Cancer Society's program of saving lives through education.

An understanding of cancer research — its scope and progress — or regular health examination — inspires confidence that cancer can be conquered once and for all. This also means growing support for the Cancer Society's program of research by several hundred topflight scientists in institutions throughout Canada.

A public that knows the Cancer Society's program of service and comfort to cancer patients will also want to support it — and participate in it.

These leaders believe that public support for the cancer control movement is in proportion to its understanding of the menace of cancer and how the Cancer Society works.

As they see it:

Notice To Dog Owners!

A number of dogs within the town are still without tags.

It is also noticed that a number of these dogs are still roaming the streets.

If these conditions are not rectified by April 30th, 1956, Police action will be taken.

T. A. COLLISTER, Sec.-Treas.
Town of Coleman.

Call in and let us check your car or truck and help you save on those large repair bills.

Advertising...

Modern advertising is a necessity to hold and build business. Be proud of your business, of the goods you have to sell, of the services you have to offer in your particular line. Show the progressive spirit and the desire to serve by advertising. Do not hide your light under a bushel — proclaim far and wide who you are and what you have to sell and where your place of business is, for public memory is short, and advertising is a powerful aid to all types of businesses. Moreover, people as a general rule shop where they are invited.

Career Night At Coleman Draws 200

Well over 200 persons attended the Career night held in the Coleman High School auditorium which was organized for the three Pass towns of Coleman, Blairmore and Bellevue. The meeting, attended by parents and students was held for the purpose of informing students about the various fields from which they may choose a career.

The speakers were headed by A. A. Aldridge, guidance supervisor of the Department of Education who spoke on general subjects. Dr. A. J. Cooke of the University of Alberta, spoke on the various careers available at university, while A. Remie, public relations officer of the Imperial Oil Company, spoke on the oil industry. Mr. Mackenzie from the Provincial Technical school, spoke on the various courses taught there while E. C. Henderson of Henderson Business College, discussed the business field. S. A. Earle, co-ordinator of teacher training, spoke on the teaching profession and Mrs. Mary Allen of Coleman, spoke on the nursing profession. Sergeant A. Anderson of the R.C.A.F. spoke on the many careers open in the armed forces.

The evening's affair got underway with a general assembly in the school auditorium where each guest speaker explained what he did or she was concerned with after which the assembly broke up into separate groups and reformed to the various classrooms assigned to a particular speaker.

There were two one-hour periods devoted to giving information on each field so that every student had the opportunity of listening to two speakers in the course of the evening. Material discussed included prerequisites for entering the field, cost of receiving the education, bursaries and financial assistance available, length of training period, nature of work in the field, possibilities of future employment, etc.

Willow Drive Assn. Regular Meeting

A regular meeting of the Willow Drive Association was held April 15 at the home of Mr. P. Krish with Mr. Arthur Jubilus presiding. The meeting came to order with the reading of correspondence by Mr. William Hamner, recording secretary. A letter from the Water Resources on the flooding of Star Creek was read by as the letter did not seem to assure the Association that any work would be done several members volunteered to assist Mr. Conrad in making temporary repairs.

A copy of the Act to Provide for the Control of Stray Animals has been received from the Queen's Printer. The financial report was read and accepted.

Mr. P. Krish gave an executive report on the recent Polio Fund.

Mrs. K. Snowden gave a report on the work of the Social Committee. All tickets were reported sold and the draw for the prizes took place on April 16th at 7 p.m. The social committee are also planning a rummage sale to be held soon.

The association are also endeavoring to have lights installed for some residents west of the improvement district.

The winners for the prizes drawn by the association were I. E. Amato with ticket No. 101.

2. Poly Snowden with ticket No. 124.

Pass Firm Buys Pincher Business

Ken Thornton of Blairmore, will be leaving to take over the hardware business in Pincher Creek known as Scott's Furniture Store. Thornton and Sons Hardware Company of Blairmore, has purchased the new business in Pincher Creek which will be managed by Mr. Thornton. Mrs. Thornton and son and daughter will leave at a later date to join Mr. Thornton.

Blood Clinic Real Success

The Crow's Nest Pass Blood Doctor's Clinic which was held on Tuesday was very successful.

330 people answered the appeal, putting the Pass over the top giving a total of 330 bottles of blood. Last year's donations netted the clinic 281 bottles of blood.

A special thanks is extended to all who helped in any way to insure the success of the clinic.

Coleman Town Council Accepts '56 Requisition

Coleman town council at its recent meeting accepted the hospital requisition for this year amounting to \$26,893.

With the town planning a sidewalk program this year it was agreed than an automatic curbing machine be purchased by the town which would facilitate work and do an excellent job. It was also felt that this machine, when not in use at Coleman, could be rented to neighboring towns to lay proper hard surface curbs.

Coleman endorsed the new plan at present being discussed to bring about a better provincial municipal relationship as far as responsibilities and taxation are concerned.

The fire and police report were presented and accepted by council.

Elks Hold Prize Bingo

Another prize Bingo was held in the Elk's Hall on Friday evenings. The jackpot of \$70.00 was not won but Mrs. McLanders of Marysville B. C. was the winner of the \$5.00 consolation.

Other lucky winners for the evening were: —

Grocery hamper — C. Makin; Picnic hamper — S. Liska; Ham — Mrs. K. Motte, Bellevue; Fishing Rod — Mrs. D. Jahn; Blouse and Skirt — Mrs. M. Fleming; \$25.00 cash — Split by O. Celli, and Mrs. A. Tiepoli, Fernie; Grocery hamper — Mrs. Cerney, Frank; Reversible rug — A. Carney; Fishing boat and tackle — H. Eyesack; T.V. lamp — Mrs. Maracheck; 3 cartons cigarettes — Steve Liska.

During the intermission Mr. M. Dunford of the Lion's Club thanked the Elk's Lodge for allowing them to make the draw for the prize winner of the April Shower. He sincerely thanked the merchants for donating the prizes and all the people who so ardently supported the Lion's Club in their project. The lucky winning ticket was then drawn by Lindy Fields with the lucky winner being Albert Kropinak of Coleman.

when the peddler selling printing supplies solicits your business, there are a few questions which he should be willing to answer to your satisfaction:

1. Does he pay taxes in this community?
2. Can he supply your order on short notice?
3. Does he donate space in the newspaper to your local community enterprises?
4. Does he pay wages to a force of employees located in Coleman?
5. Does his newspaper donate its space toward the betterment and upbuilding of this community?
6. Does he grant you every favor that you would ordinarily ask your local newspaper?
7. Does the quality of his merchandise stand inspection?
8. Does his price include sales tax, postage and insurance charges?

If he can answer ALL the above questions in the affirmative, he has an equal right to your business.

IF NOT - CONSULT

World Happenings In Pictures

RINGSIDE SEAT—THE HARD WAY—A few more inches and Pete Hurley would have joined the spectators. This Welsh rare bit was served up at Cardiff, Wales after Rufus Prince belted his foe.

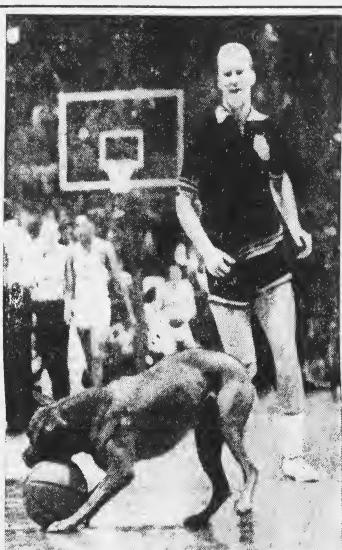

MODEL'S MODEL—That's the phrase which describes Pat Patterson. She is one of several models who fashioned grown-up versions of doll clothing at the opening of the annual Toy Fair in New York City. Dolly and her model are both wearing old-fashioned gowns of pale pink chiffon.

IN HOLIDAY MOOD—The Queen, accompanied by Princess Alexandra of Kent, prepares to board a plane at London airport for a flight to Corsica. Snow and cold greeted the Queen as she arrived aboard the Royal yacht Britannia, and joined the Duke of Edinburgh for a 10-day vacation.

EXPELLED AFTER RIOTING—Leonard Wilson, 20-year-old University of Arkansas student from Somers, Ark., has been expelled from the university in active demonstration from students in protest against Autherine Lucy, the school's first Negro student. Wilson, a heated advocate of segregation, is shown as he spoke before the university students last month.

GAME GOES TO THE DOGS—Boxer pup, mascot of a Kansas University fraternity, puts the bite on a Colorado practice ball and brings a Kansas-Colorado game to a temporary halt at Lawrence, Kan. Colorado forward Mel Coffman barks "go away" signals as the pup. Colorado wound up as the 54-44 underdog after play was resumed.

WHERE DID IT GO?—New York Yanks' Mickey Mantle shows power he puts in his swing as he comes around after fouling off pitch during batting practice at spring camp at St. Petersburg, Florida.

MOMENT IN TIME—Momentum fly-past by British Gloster Meteor FR.9 jets fails to disturb the monumental calm of Egypt's ages-old pyramids. Jet's fleeting shadow across the timeless desert marks the departure of Britain's last operational jet squadron to leave Egypt under terms of the Anglo-Egyptian Suez Canal Zone Bases Agreement. Squadron is now based at Malta.

GREEK AMBASSADOR—Vassilios Mostris, Greek ambassador to the United Kingdom, leaves the British Foreign Office in London after learning of the banishment from Cyprus of Archbishop Makarios, prominent Greek leader.

NOW AINT THAT JUST DUCKY?—Our plush drake quips as his girlfriend gets her bonnet straightened by a young man. These feathered friends were just in time for the Easter season. Both are of rayon plush with soft plastic faces, however, in this case it's the male who does the talking. He's rigged up with a Swiss music box which can be wound to play a gay seasonal tune.

Who will become bride of Crown Prince? -- national guessing game in Japan

The forthcoming wedding of the prince and the commoner has all Japan agog. But the couple on whom the country's attention is now focussed is not Prince Rainier and Grace Kelly, according to a story by Jay Axelbank of North American Newspaper Alliance.

The question on everybody's lips there is "who will be the lucky girl to win the hand of Crown Prince Akihito?"

The 22-year-old prince will one day succeed his father as emperor of Japan and the selection of his future bride is now under way at the palace. There is talk there that a commoner is included among the prospective candidates.

Palace sources have promised that the selection will probably be announced in the near future. Japanese newspapers have assigned their top reporters full-time to the job of ending the national guessing game. For many feel the selec-

tion has already been made and is known to the prince.

Heightening interest is the fact that the crown prince may have some say about who he will marry for the first time in Japanese history. Twenty years ago it would have been unthinkable for a prince to have a voice in the decision, but the younger generation in Japan is more and more throwing off the shackles of arranged marriages.

May make own choice

Observers believe it likely that as a compromise the prince will be permitted to make a final choice from among four or five suitable

girls selected by the imperial household.

Even though the prince will "meet" the bride-to-be only after his mother and father have approved the choice of palace officials, sources close to the throne say Akihito won't be dictated to, but rather will have to be persuaded. In fact he may make the choice himself.

When Emperor Hirohito married, he didn't know who his mate would be until the last moment.

The royal household screened applicants until the present empress, Yeshiko Kuni, was chosen. The emperor then accepted her as his bride.

A majority of Japanese agree that the young prince should have a part in choosing his wife, according to newspaper polls.

But nevertheless, it's a foregone conclusion that the future empress won't be a cinderella. She'll have at least some royal blood in her veins or come from an old and mighty family tree.

Prince Akihito is a healthy, five-foot-five, sports-loving (table tennis is one of his favorites), average college student. He lives "alone" in a mansion three miles from the imperial palace grounds in downtown Tokyo. In residence with him are doctors, tutors and court officials.

It was the greatest performance ever given in the history of man. And it was free, wasted.

The young man concluded his playing, came over to sit beside the agent. Herman smiled his most winning smile and tossed in his arguments.

"Look, friend, I'll give you two hundred a year, starting tonight."

"No. I can't do it. I'm not interested. This is just a hobby. How many times must I tell you?"

"Well, I just thought I could change your mind."

"You can't. Besides I've got something better than my piano playing. Right here in this apartment, too."

"Yeah? What?"

"A dog that can play the piano better than I can and a parrot that can sing better than the greatest contralto in the Metropolitan Opera."

"Gwan. Quit pulling my leg. I was trying to be friendly. Don't get wise."

"I'm not kidding. Honest, they're here. The parrot can sing soprano, too. Either voice is better than any woman I've ever heard!"

"Let's see 'em."

The young man disappeared into another room and after a few minutes, returned. He had a maw-caw in a cage and an airdale on a leash. The bird was a canary and the dog hostile.

"What do you want to hear?"

"Anything, but make it quick."

The pianist turned the stool up and fixed a special chair on its seat. He strapped the airdale in place, moved him up to the keyboard and reached for the bird. She was placed on the top-most end of the sounding board. That done, he clapped twice.

The dog keyed the ominous chords of Wagner's Lohengrin. Then quickly prepared for Elsa's solo. His piano became alive, frenzied; whole portions of the orchestra were carried as if the players were actually present. No man could hope to equal his technique!

The bird came on in the heroine's cue. She was beautiful. Never had a human voice carried such tone, such depth. Her control was uncanny. Herman sat in a dizzied stupor until the last note.

"What can I say? It was marvelous, miraculous! Where did you ever find them?"

"Oh, that's another hobby. I just trained them."

"Look, friend, don't turn me down now. That is the greatest act on this green earth. I'll give you one thousand dollars a week."

"Not interested. I'm perfectly content on thirty-five. No, it would spoil everything. I can't do it."

"Wait a minute."

Herman turned his back, pulled out an envelope and pencil, scratched some rapid calculations. He spun around, pointed his finger at the host, and said: "I'll give you two thousand a week, starting right now, for that act. I can't go any higher until we see how the public takes it, but if they like it there's no limit!"

"No, I can't do it. I tell you. My life would be ruined. Besides I'm all a fraud."

"Fraud? How can it be a fraud? I saw it with my own eyes."

"Well, I'm sorry, we can't sign. It's all one big fake."

"Look, friend, tell me. How is it a fake?"

The young man shrugged. "The dog's a ventriloquist."

OUR COMPLETE SHORT STORY —

shaggy dog

By HANK McCALL

HERMAN'S career as a theatrical agent flashed just long enough to burn all his money. He was flat broke. Not only was his wallet folding air, but his spirit slept in the gutter. He had to get an act, a good act, or forsake his wonderful free life for a job.

He lit a cigarette and wandered through the dusk. His aimless course led him into an alley dividing a row of run-down apartments.

Suddenly he heard a piano playing, distant and faint, but very distinct. The notes had a fleeting quality that bewitched him.

Even in Carnegie Hall, no cadenza flourished like these cadenzas. They were great! They were beautiful! Never had he listened to playing like this playing.

The only light visible was shining from an open window three stories above the alley. As he gazed beneath it, trying to find some means of access, a mighty crescendo flapped the curtains into the night.

The drapes sagged back into place with the last notes. Herman applauded. He leaned against the wall to wait for the next piece. Something brushed his face.

It was the end of the pull rope attached to the lowest section of the fire escape. The iron structure led up to the window. One pull of the rope dragged the ground piece down. Herman scuttled up the steps.

His clattering failed to drown the strains of the Warsaw Concerto. He slowed his steps in reverence.

Herman found the window, peered in, saw the back of a young man stopped over a piano. The agent waited until he finished the score before rapping.

The artist came over calmly and asked, "Yes?"

"Look, Mister, I'm a music lover. That last number was great! How about letting me in?"

"Sure. What would you like next?"

"Anything. Just play."

The pianist sat behind his instrument and tip-toed into Rachmaninoff's Second Concerto. Herman was amazed. Truly, the man was a genius. No one in the world could play with such feeling! His arms and shoulders moved easily yet forcefully.

The music ceased with the first movement. Herman bounded to the piano.

"That was wonderful! Superb! Man, you ought to play for the public."

"Oh, I'm not that good. This is just a pastime."

"What do you do for a living?"

"I'm a bookkeeper in a furniture store. I like it."

"Look, I'm a theatrical agent. I know what I'm talking about. You're a find! I'll give you one hundred dollars a week if you will sign my contract."

"No, I couldn't do that. This is just my hobby. Besides, I like what I'm doing now."

"Look, I'll give you one hundred and fifty dollars a week to start. You'll be famous! Hollywood will beg for you! Think of it. Wealth, fame, glamour! Everything you want!"

"No, I really don't want to get serious about music. It's only for my own amusement. Would you like to hear something else?"

"Sure. Go ahead."

Beethoven's Moonlight Sonata drifted through the room. Herman sat enthralled. Never had its beauty been so distilled, so pure.

It was the greatest performance ever given in the history of man. And it was free, wasted.

The young man concluded his playing, came over to sit beside the agent. Herman smiled his most winning smile and tossed in his arguments.

"Look, friend, I'll give you two hundred a year, starting tonight."

"No. I can't do it. I'm not interested. This is just a hobby. How many times must I tell you?"

"Well, I just thought I could change your mind."

"You can't. Besides I've got something better than my piano playing. Right here in this apartment, too."

"Yeah? What?"

"A dog that can play the piano better than I can and a parrot that can sing better than the greatest contralto in the Metropolitan Opera."

"Gwan. Quit pulling my leg. I was trying to be friendly. Don't get wise."

"I'm not kidding. Honest, they're here. The parrot can sing soprano, too. Either voice is better than any woman I've ever heard!"

"Let's see 'em."

The young man disappeared into another room and after a few minutes, returned. He had a maw-caw in a cage and an airdale on a leash. The bird was a canary and the dog hostile.

"What do you want to hear?"

"Anything, but make it quick."

The pianist turned the stool up and fixed a special chair on its seat. He strapped the airdale in place, moved him up to the keyboard and reached for the bird. She was placed on the top-most end of the sounding board. That done, he clapped twice.

The dog keyed the ominous chords of Wagner's Lohengrin. Then quickly prepared for Elsa's solo. His piano became alive, frenzied; whole portions of the orchestra were carried as if the players were actually present. No man could hope to equal his technique!

The bird came on in the heroine's cue. She was beautiful. Never had a human voice carried such tone, such depth. Her control was uncanny. Herman sat in a dizzied stupor until the last note.

"What can I say? It was marvelous, miraculous! Where did you ever find them?"

"Oh, that's another hobby. I just trained them."

"Look, friend, don't turn me down now. That is the greatest act on this green earth. I'll give you one thousand dollars a week."

"Not interested. I'm perfectly content on thirty-five. No, it would spoil everything. I can't do it."

"Wait a minute."

Herman turned his back, pulled out an envelope and pencil, scratched some rapid calculations. He spun around, pointed his finger at the host, and said: "I'll give you two thousand a week, starting right now, for that act. SAP'S RUNNING—The best maple syrup comes with clean up-to-date equipment, frequent collection of sap, and a spile or hole bored through the tree trunk to a depth of about 1½ inches. The sap-spout or spile is driven into the hole and the bucket is hung on the spout. The bucket lid is an aid to cleanliness. Sap runs depends on the weather; frosty nights and sunny days are excellent. Weather naturally influences the total value of the crop which in a good year will be as high as \$12 million. The average is \$8 million.

Prices for high grade forage crop seed higher this year

REGINA.—The 1956 spring forage crop program sponsored by the plow industry branch of the provincial department of agriculture has been

The program, which was started in 1947 to encourage farmers to improve pastures, build feed reserves and protect soils, will again offer high grade seed to interested parties at cost. Charges for bagging, handling and shipping are borne by the department. Prices for this year will be slightly higher than in 1955.

Twenty-six thousand orders for about four and a half million pounds of grass seed have been filled by the branch, since the program's inception, from which 450,000 acres in the province have been seeded to forage crops. The best year was experienced in 1955 when 5,400 orders for 800,000 pounds of seed went out to Saskatchewan farmers and stockmen. In that record year alone, enough seed to sow 94,000 acres was sent out.

Indications are that farmers will sow a substantially greater acreage to grasses in 1956 than in the previous year, the minister said, because of an increasing awareness of the program's many aspects. More farmers now realize what grass can do for their farms, and this factor coupled with the difficult wheat situation and a hard, fodder-short winter point toward an even greater year for the program in 1956.

Adequate supplies of both Grimm and Ladak alfalfa will be available this spring along with bromegrass and red clover.

But this throws no light on the future empress. The guessing game will go on till the official announcement is made and fearing hearts stop fluttering.

HMM . . . INTERESTING

The British House of Commons has 610 members, compared with 435 members in the U.S. house of representatives.

The bird came on in the heroine's cue. She was beautiful. Never had a human voice carried such tone, such depth. Her control was uncanny. Herman sat in a dizzied stupor until the last note.

"What can I say? It was marvelous, miraculous! Where did you ever find them?"

"Oh, that's another hobby. I just trained them."

"Look, friend, don't turn me down now. That is the greatest act on this green earth. I'll give you one thousand dollars a week."

NOTHING NEW—Harried road commissioners of today can gain rock-bottom comfort from this picture. Some toad-ged of Caesar Augustus was in all probability resting for this rather painful Deep-worn by chariot wheel. It was uncovered at the Porta Maggiore in Rome.

CLASSIFIED

NURSES WANTED

REGISTERED NURSES OR GRADUATE Nurses eligible for registration wanted for medical, surgical, obstetrical, pediatric, and psychiatric units. Nurses and Nurses Aides with some experience. New wing opening in the hospital. Write: Superintendent of Nurses, Union Hospital, Moose Jaw, Saskatchewan.

Funny and Otherwise

"See that big fellow over there?" said Jones to his friend at the bar. "He was a famous shark fisherman. His specialty was sticking his right arm into the shark's mouth to remove the hook. The oldtimers used to call him 'Fearless'!"

"Used to? What do they call him now?"

"Lefty!"

It was one of those association-of-ideas Army tests where the examining officer makes a common-place gesture and asks the recruit to fire back at him the first thought it provoked. On this occasion he waved a handkerchief.

First two men gave the formal reply: "Waving goodbye, sir." But the third offered the startling retort: "Women, sir."

"Women?" echoed the officer. "What is there about waving a handkerchief that could possibly make you think of women?"

Replied the recruit blandly: "I'm always thinking of women, sir."

He: "Tell me those words I love to hear."

She: "O million dollars."

"Mama, may I go out and play?"

"What? With those holes in your socks?"

"No, with the kids across the street."

The little man was applying to the court for a separation on the ground of cruelty.

"Can you give the court an illustration of the alleged cruelty?" asked the judge.

"Well, the other night I dreamed I won \$150,000 in a football pool, and the following morning my wife nearly killed me for not rushing out of the house and putting it into the bank before I woke up."

Action!

Mrs. J. Q. Kendrick of Stillwater, Okla., became cold while sitting in the family car waiting for her husband. She decided to start the car and turn on the heater. The auto jumped the curb, bowled over a parking meter, crashed through a plate glass window and semi-furniture spinning as it rolled across a showroom. Her husband was knocked down by a flying chair.

The fibert nut is the fruit of the hazel tree.

ICED HOT CROSS BUNS

Scald 1½ c. milk, 1 c. granulated sugar, 2 tsps. salt and 5 lbs. shortening; stir in 1 c. crisp breakfast-bran cereal and cool to lukewarm. Meanwhile, measure into a large bowl 1½ c. lukewarm water, 2 tsps. granulated sugar; stir until sugar is dissolved. Sprinkle with 2 envelopes Fleischmann's Active Dry Yeast. Let stand 10 minutes THEN stir well. Add cooled milk mixture and stir in 2 well-beaten eggs. Stir together twice 4 c. once-soaked bread flour, 3 tsps. ground cinnamon, 1 tsp. ground nutmeg. Stir about half of the mixture into yeast mixture; beat until smooth. Mix in 1 c. raisins, 1 c. currants and 1 c. chocolate chips. Work in remaining flour mixture. Grease top of dough. Cover and let rise until double in bulk. Turn out on lightly-floured board and knead until smooth and elastic. Divide into 12 equal-size pieces; knead each piece into a round bun. Place, well apart, on greased cookie sheet, each bun with narrow stripes of parity. If desired, grease tops. Cover and let rise until double in bulk. Turn out on lightly-floured board and knead until smooth and elastic. Divide into 12 equal-size pieces; knead each piece into a round bun. Place, well apart, on greased cookie sheet, each bun with narrow stripes of parity. If desired, grease tops. Cover and let rise until double in bulk. Turn out on lightly-floured board and knead until smooth and elastic. Divide into 12 equal-size pieces; knead each piece into a round bun. The Coleman Journal

Personalities IN THE NEWS

Mrs. T. Maunsell of Nelson, an old time resident of the Crows Nest Pass, recently visited Mr. and Mrs. H. Chamberlain at Blairmore and friends in Coleman.

Mrs. F. Guerard has returned from a three weeks holiday spent at Victoria, B.C.

Mr. Paul Baron of Calgary was a business visitor in town last week arranging a concert to be given by his daughter, Mary Baron, a well-known Contralto singer. Mr. Baron will be well remembered by Coleman old timers having once owned and operated the Palace theatre here and a theatre in the old Miners hall. He renewed many old acquaintances while here.

The Rev. and Mrs. F. A. Dykes are in Vancouver to attend the convocation of the Anglican Theological College of British Columbia. Mr. Dykes is to receive the degree of Bachelor of Divinity at the convocation.

Ladik Tymchyna, Peter Makowichuk and Sonny Truch were Calgary visitors on Thursday and Friday.

Mr. and Mrs. J. Simpson of Fort Macleod, attended the fare-well party held for Mr. J. Morton at Coleman on Friday evening.

Mrs. Fred Fisher, now residing at Kedowna visited here over the weekend. The Fishers have sold their home here and Mr. Fisher will join her in the near future.

Coleman Man Wins Lions April Shower Raffle

Mr. A. Kropiunak of Coleman was the winner of the April Showers draw sponsored by the Coleman Lions at the Elk's Bingo on Friday evening.

Following is list of prizes which have been donated by various Coleman merchants. For the lucky winner it will seem like Christmas all over again as there are twenty-nine prizes being raffled. They are as follows: 1 rear view mirror from Pete's Service Station, 24 pounds of flour from Toppiano's Grocery; 1 pound of Red and White tea and coffee, two pounds of raspberry jam from the Red and White store, 20 pounds of sugar from East End Grocery, 2 packages 60's tea bags from Park's Grocery, 1 double boiler from Coleman Hardware, 5 gallons of gas from Motordrome, 1 meal from Grand Union Coffee Shop, 1 grease job from Sentinel Motors, 2 towel sets from Freeman's Limited, 1 shirt from Abuossay's, 1 pair of ladies' shoes from Bruno's Shoe Store, 1 load of coal or briquettes from Coleman Collieries Limited, \$3.00 value from National Fruit, 1 case of mixed pop from Lethbridge Breweries, 1 table lamp from Modern Electric, Bath beads and bath powder from Coleman's Drug Store, 2 dozen fly hooks from Rudy's Shoe Store, five free passes from Roxy Theatre, cut flowers or a plant from Blairmore Greenhouses, 1 tea towel and wash cloth from Salus General Store, 1 pound coffee and 2 tins of spork from Zack's Grocery, 6 tins of mixed vegetables from Holys' Grocery, 6 tins of milk from Lonsbury's Grocery, 1 ornament from Pattinson's Hardware, 1 dozen chocolate bars from Jimmie's Coffee Shop, 1 drycleaning job worth \$4.00 from Coleman Cleaners, 2 pair of nylons from Fashion Shop, 1 hair cut from Huffman's Barber Shop, 1 set of horse head bookends from Chalmers' Jewellery, 3 boxes of chocolates from Coleman Cafe, 1 set of two towels from Kwaney's Ladies Wear Store, labor portion of a spring tune up from Harold Jones Service, 6 pounds of weiners from Union Packing Co., 1 case of coco cola from Coca Cola Co., Lethbridge, 2 loaves of bread per day for one week from Palace Bakery, 10 gallons of gas from Little Chief Service Station, 1 case of pop from Grand Union Hotel, 1-8% linoleum standard width from Cell's Building Supplies.

Mr. Reg Jones of Vancouver was a business visitor here.

Captain and Mrs. Fontana and family visited here this weekend, the guests of the latter's parents Mr. and Mrs. J. Rogers.

Kenneth Fry, stationed with the Royal Canadian Navy at Victoria, B.C. is visiting his parents Mr. and Mrs. O. Fry.

Miss Peggy McDonald of Lethbridge visited with her parents Mr. and Mrs. Jack McDonald.

Mrs. D. Bremer of Fort McLeod was the lucky winner of the car at the bingo held in Lethbridge. Mr. A. Chalmers of Coleman was the lucky winner of the bicycle.

Mr. and Mrs. O. Fry and son Ken visited the Burklinshaw's at Calgary recently.

Friends of Mrs. T. B. Smith are glad to see her up and around again after being confined to her home with illness.

A subscription for the Journal has been received from Mrs. Agnes Ryan who is working in the Holy Cross Hospital in Calgary. She wished to be remembered to all her friends here.

Mrs. Paul Belter has returned from Edmonton where she visited her daughter and family and her son Eddy.

Mr. and Mrs. J. Salus accompanied by Mr. and Mrs. J. Bindra, Mrs. V. Siska, Mr. and Mrs. C. Weesley and Mr. and Mrs. F. Dalmann of Blairmore attended the Car Bingo held in Lethbridge. Sorry gang, better luck next time.

Variety Concert In Coleman April 27

A variety concert of interest to all Coleman residents will be held on Friday, April 27th in the Coleman Central School auditorium at 8:00 p.m. An entirely new program awaits the public. The Rhapsody in Blue by pupils of Mrs. A. Buckna's Music Studio and dancing students of Mrs. H. Jeppson will be one of the outstanding features. Talented instrumentalists of the C. N. Pass who have participated and won in the recent Music Festival in Lethbridge will be featured on the program. Folk dancing and singing with colorful costumes, the piano accordion quartet, trumpet solos and the very young tumblers from the Coleman Physical Culture group will be amongst the many items on your program.

The proceeds will be shared by the Coleman Junior high school council and the Alice Buckna concert party who are very busy attempting to raise money for bus transportation to take them to Creston Valley Apple Blossom Festival where they have been invited to perform on Saturday, May 18th.

Senior Citizens Assn. Is Organized At Hillcrest

A Senior Citizen's Association was held in Hillcrest last week under the chairmanship of John McDade, when a branch of the association was formed. There are now branches at Blairmore, Coleman, Bellevue and Hillcrest.

John McDade gave an outline of the purpose of the organization and also outlined the constitution and laws of the Senior Citizens' Association.

With eighteen members enrol-

led into the Hillcrest group an election of officers was held with R. Brown elected president; Joe Atkinson, first vice-president; Steve Gresl, second vice-president; secretary John McDade and treasurer, Mrs. F. McDougall. Com-

mittees for the organization will be selected at the next meeting.

Meeting of the newly formed branch will be held on every third Tuesday of the month. To conclude the meeting a film "The Royal Journey" was shown.

Give your kitchen... and bathroom

Sparkling Whiteness that stays white

LOWE BROTHERS

SUPER WHITE ENAMEL
resists yellowing, is completely washable

At last, a fine quality paint that will not fade or yellow. Lowe Brothers Super White enamel gives durable new beauty to your kitchen, bathroom or furniture. It flows smoothly, leaves no brush marks, dries quickly and is specially made to resist moisture and heat... yet Super White retains its high gloss and brilliance, through years of wear. Learn the fun of painting things yourself with Lowe Brothers Super White.
